◀**Krister Hellstrom** is a foreign exchange student who attended the 1985-86 school year at Washington High School. Krister lives in Sweden and plans to graduate there and later attend college. Krister is involved with Student Council, Speech and Leadership here at W.H.S. Since he speaks German well, Krister also helps Mr. Chase with his German classes. We hope that Krister has had a memorable year at Washington High School.

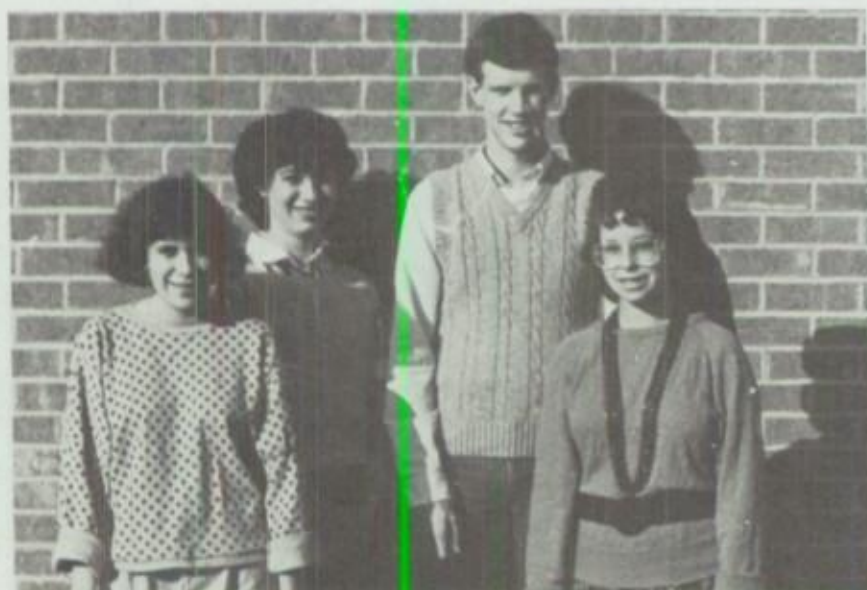

▶**Jyrki Uus-Pentilla** is one of the foreign exchange students that attended the 1985-86 school year at Washington High School. Jyrki lives in Palakka, which is the middle of Finland. His hobbies are snow-skiing, tennis, and ice-skating and he also enjoys animals. Jyrkis' Host family describes him as being quiet, helpful and very polite. Jyrki and Krister, (the other foreign exchange student at W.H.S.) worked on a float together for the Fiesta Bowl which won second prize for the Biltmore Hotel Parade. Unfortunately, Jyrki will be leaving on July second, and everyone will miss him.

What will you be doing in ten years?

▼Anna Simpson

"In ten years I want to have my own business in Child Psychology. By then I will be out of college and working on my career goal. I don't plan on being rich by then, but I will be secure and happy with a family of my own. The richness will come from the love my family and I share. Maybe some day the richness will come from money, but in ten years I'll still be concentrating on Success."

"Also, in ten years I hope to be launching into a music career as a hobby. Then someday in the late future maybe something will happen with it."

▲Kelli Willis

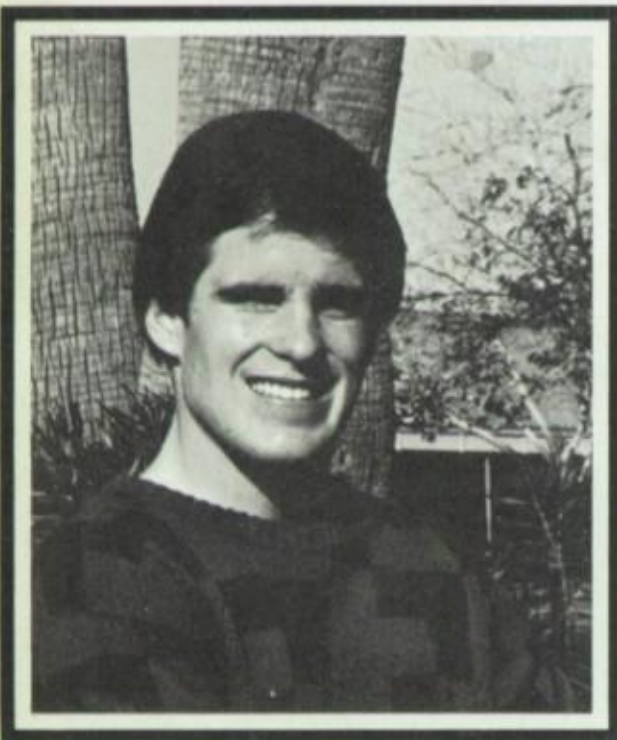

"I will have a mega-money making career, a gorgeous house and husband, a baby girl and I'll be as happy as anyone could possibly be!"

"I'd like to be driving a convertible mercedes and have an old '68 Camaro for the family car and for sentimental memories!!!"

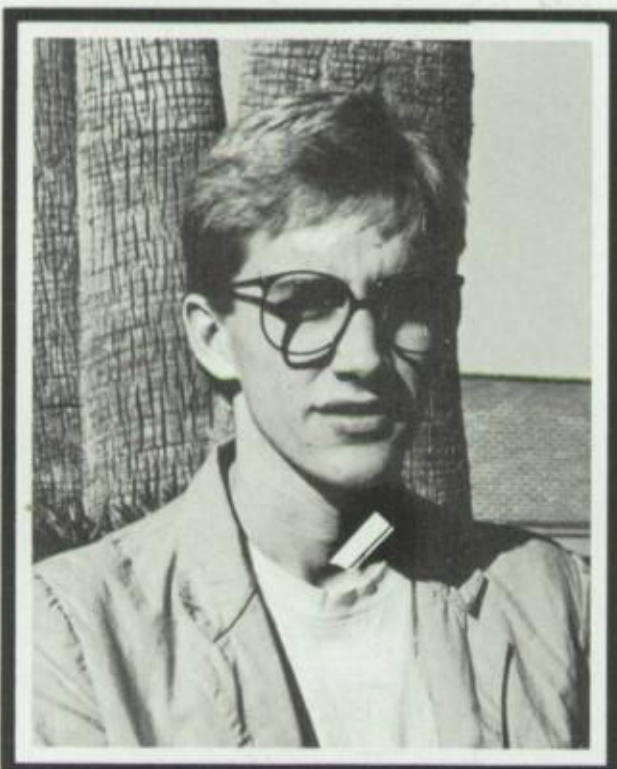

▲Krista Hellström

"At this moment I would hope that I worked with something in justice, lawyer, prosecutor etc. Or work somewhere abroad perhaps here in the United States but I will always return to Sweden."

▲Hale Parisek

"In ten years, hopefully I will be a fighter pilot flying F-16's and other jets for the U.S. Air Force. I also hope to be an astronaut for N.A.S.A. and fly the space shuttle. Also in ten years I hope to be a father, and be married."

▲Scott Bungaard

"In ten years, I will have completed college and law school possibly owning my own law firm. If there is a sudden change of course in college, I will become a news correspondent in some foreign country."

After I have reached my mid-life crisis, I may have a wife, a dog or two, a nice looking mansion with a tree and some bushes, and a few servants to answer the doors and bring me breakfast in bed. If I have time in my busy schedule, I shall attend our 10 year reunion to see how the rest of the class of '86 turned out."

▲Gea Johnson

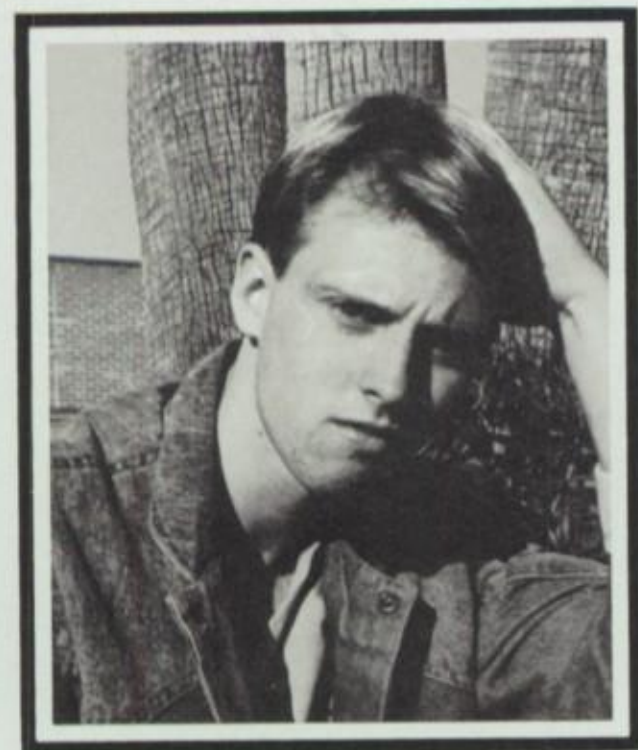

"In ten years I hope to be successful and sharing the knowledge that it took to get there with those who are on their way."

???

▲Tricia Rheingans

"In ten years, I will be a multi-millionaire from all of my gold and platinum albums. I will travel all over the world in my Jetsons space ship, to entertain people. On the side, I will own and operate a world renowned interior design and fashion boutique. My husband will be an international spy and we will own a house in every state of Europe and my son will invent the space home of the 2000's"

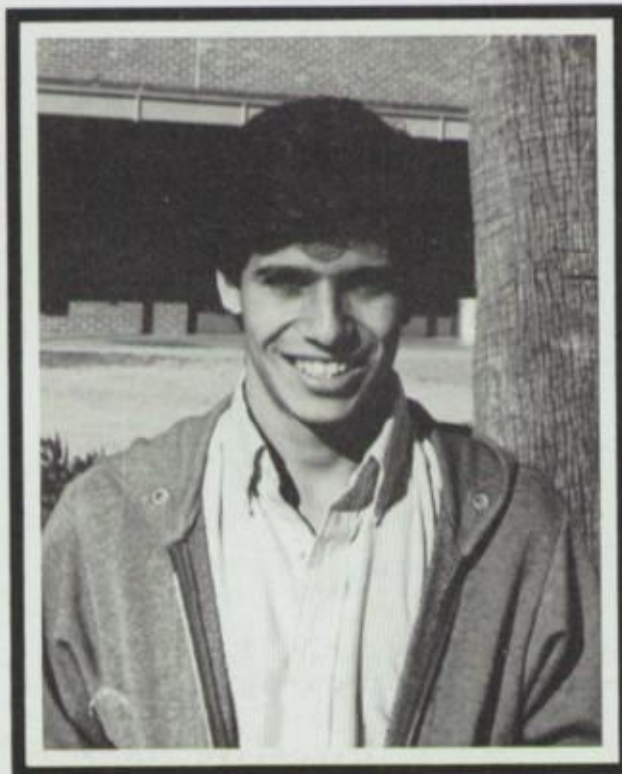

▲Jeff Taylor

"In ten years I will be two years out of Medical School. I'll be married already, but no kids, and be making \$320,000 a year.

My Santa Barbara office will serve only those that can afford my services. I will most likely return to my class reunion to be the envy of every woman there. Every mother will dream of their daughter marrying me."

▼Shane Copeland

"In ten years, 1996, I plan on running for Congress. This will be after four years in the Marines and four years of college. After college graduation in 1994, I will begin my political career by raising campaign funds and starting to campaign."

▲Victor Encinas

"In ten years I will have graduated from A.S.U. I will be practicing in a very successful law firm. I will be married to the most fantastic woman in the world (who ever she may be), have 2.5 children, study theology, and be driving my Corvette to my \$3 million home in Europe."

▲Kirsten Adams

"I will have graduated from A.S.U. or U of A, have my business major and have my own boutique (hopefully) and possibly be married and starting a family, after my career.

Also looking forward to the reunion."
